

Notice of forthcoming works

One-way traffic
Castle Hill, Dudley
From 08 June

Plan ahead

 **Where:** Castle Hill, Dudley

 **What:** Temporary lane closure, one-way system in place

 **When:** Monday 8 June for up to five weeks

This notice is to inform you about a temporary lane closure that will be taking place on Castle Hill in the coming weeks, as part of the next phase of utility diversions and upgrades for the Wednesbury to Brierley Hill Metro extension.

As part of these ongoing works, Castle Hill will become one way towards Dudley from Monday 8 June in order for South Staffordshire Water, which is working on behalf of Transport for West Midlands (TfWM), to carry out the essential diversion works safely.

Following further investigations, South Staffordshire Water will be carrying out these additional works in line with the government's social distancing standards and procedural recommendations for the construction industry. The TfWM team will be in regular contact with those on site to keep up-to-date with progress, and ensure compliance with the relevant safety procedures. Please note that all scheduled work is subject to change in light of the ongoing Covid-19 situation.

The lane closure is expected to last for up to five weeks, during which clearly signed diversion routes will be in place for both general traffic and public transport. Those who need to travel are being advised to allow extra time for their journeys and if using bus services, to follow current government guidance. Further details of the diversion route will available at <https://www.networkwestmidlands.com/plan-your-journey/major-roadworks-and-events/dudley-regeneration/>

Our dedicated Stakeholder Liaison Officer, Tom Bissell, can be contacted on the details below should you have any questions about the work, or require further information about the project.

We apologise for any inconvenience caused and thank you for your understanding.
