

Year 3 Summer 2 Home learning

Our topic 'How the World Works' is based on finding out about regions in North America and comparing them to regions in the United Kingdom.

Please choose at least one of the tasks below to complete.

These need to be in school by Friday 6th July 2018.

We hope you have fun!

Task 1

Literacy - share your favourite fairy tale with your parents. Write your own fairy tale story choosing a setting in Mexico or Scotland.

Task 2

Maths – make a wind vane and then record in a table the direction the wind is blowing at different times during the day.

Task 3

DT – design and make an item of clothing that could be worn in Mexico or Scotland. Visit your local library to find books about both these countries and research the clothes they wear.

Task 4

Science – investigate how magnets work and design your own fridge magnet.

Task 5

Geography – make a travel brochure to persuade people to visit the UK. Include maps and pictures.
